

February 09, 2010

This report represents a preliminary determination of project requirements from various city departments based on project characteristics that you identified on the Site Plan and the Preliminary Application Form. The city's goal is to provide you with as much information and assistance as possible prior to your permit application submittal. Complete and accurate application materials help to reduce the need for correction cycles that delay permit approval. This coordinated list of requirements and decisions has been created for you to use as reference for creating a more complete submittal package. The information in this report can also be utilized if you need to develop a street improvement plan (SIP) for submittal to SDOT for screening SIP Design Guidance and 90% completed SIP acceptance (see SDOT CAM 2200, 2201, 2206, 2209, and 2211, 2212, 2213, and 2214).

**Note**: A preliminary assessment is being conducted on all land use projects as well as new free-standing buildings (new construction). If you have a building project associated with your land use project, the preliminary assessment will not be repeated on the building project.

The applicant assumes full responsibility for determining all permit requirements and infrastructure improvements per applicable sections of the Seattle Municipal Code and the City of Seattle's Right-of-Way Improvement manual.

- If an SIP is required, SDOT must accept your 90% complete SIP before DPD construction intake (see SDOT CAM 2200, 2206, 2209, 2211, 2213, and 2214).
- If street improvements are required, you must obtain all necessary permits from SDOT.
- Street use permits are required for all work in the right-of-way (see SDOT CAM 2100).

<b>Project Summary</b>			
AP/Project No.	6239339	Ground Disturbance	N
Application Template	BLDG	PASV Required This Permit	N
Application Type	CONSTRUCTION AND DEVELOPMENT	Date PASV Completed	(Not Req)
Category	SINGLE FAMILY / DUPLEX	<b>PASV Done Under</b>	
DPD Review Type	FULL	Permit Remarks	
Address	2821 Fairview Ave E		
Location			
Zoning		Applicant	DAVID OLSON 1326 5TH AVE STE 640 SEATTLE WA 98101 (206) 953-9520
King County APN	9202450000		
Permit Status	Initial Information Collected		
_	Construciton of new floating home #11	<b>Applicant Email</b>	arctdolson@msn.com
		Linked AP/Project Nos.	
SDOT Project No			

For detail zoning information, click the on the King County APN number above, or visit <a href="http://web1.seattle.gov/dpd/parceldata/">http://web1.seattle.gov/dpd/parceldata/</a> to find zoning details about your address.

## **Seattle City Light Requirements**

Contact: Ray Ramos, (206) 615-1193, ray.ramos@seattle.gov

# **Other Requirements**

- Please refer to SCL "Requirements for Electrical Service Connections", Chapter 5, page 31, "Houseboat Installations" for electrical service design & connection information. Electrical plans must be submitted to SCL for approval several months before new service is required.
- For new service, an Application for Electrical Service must be submitted to Seattle City Light. Please contact the Electrical Service Representative for your area several months before new service is required to determine your electric service design, service location and what kind of service is available at the building site. Your Electrical Service Representative is: Jason Chollette, 206-684-4977, jason.chollette@seattle.gov

# **DPD Drainage Requirements**

Contact: Michelle M Macias, (206) 684-3068, michelle.macias@seattle.gov

The following requirements are based on the current stormwater and side sewer codes. Major updates to these codes are expected in the fourth quarter of 2009.

## **Existing Public Drainage Infrastructure**

Sanitary sewer main location: Fairview Ave E

Sanitary sewer main size: 8-inch

# **Drainage**

The drainage point of discharge (SMC 22.802.015.C.1) is located at: Direct to receiving water.

## **Flow Control Compliance**

All new, replaced, and disturbed topsoil shall be amended with organic matter per rules promulgated by the Director prior to completion of the project to improve onsite management of drainage water flow and water quality per SMC 22.805.020.E. Refer to CAM 531, Post Construction Soil Management. For projects with 5,000 square feet or more of new plus replaced impervious surface, a comprehensive drainage control plan and construction stormwater control plan shall be prepared by a licensed engineer.

All single-family residential projects shall implement green stormwater infrastructure (GSI) to the maximum extent feasible per SMC 22.805.030. Refer to CAMs 530-537 - Green Stormwater Infrastructure on Private Property. Refer to Director's Rule 19-2009 - Green Stormwater Infrastructure - Requirements for All Projects. Submit a Standard Drainage Control Plan for Single Family Projects that includes a GSI Calculator per DR 19-2009.

### Wastewater

The wastewater point of discharge (SMC 21.16.070.B) is located at Fairview Ave E.

All homeowners and building owners in King County's service area whose home or building was newly connected to the King County sewer system on or after Feb. 1, 1990 must pay a King County Capacity Charge. Further information is available online at http://dnr.metrokc.gov/wtd/capchrg/

## **Permanent and Temporary Dewatering**

The footing drain (if part of building plan) point of discharge (DPD DR 3-2006/SPU DR 02-06 VII.H) is located at the following: Other. NA

### **Other Requirements**

Amended soils and GSI not applicable to this project.

# **DPD Land Use Code Requirements**

Contact: Craig W Flamme, (206) 233-7223, <a href="mailto:Craig.Flamme@seattle.gov">Craig.Flamme@seattle.gov</a>

# **Street Requirements**

Based on the scope of the proposed project, the following street improvements are required per Chapter 23.53 of the Seattle Municipal Code. Please review Right-of-Way Improvements Manual for design criteria (http://www.seattle.gov/transportation/rowimanual/manual/). Show required street improvements on your "enhanced site plan" at DPD permit application intake. If an SDOT Street Improvement Plan (SIP) is required, please list SDOT project number and SDOT contact name on the enhanced site plan. Street Improvement Plans must be accepted by SDOT prior to DPD permit application intake.

#### **FAIRVIEW AVE E**

Pedestrian access walkway will be required to be installed in the portion of right-of-way abutting this lot. If your project includes anything other than concrete, contact SDOT for further information or apply for SDOT SIP design guidance (see SDOT CAM 2211).

Grading to future ROW grade. See http://www.seattle.gov/transportation/gradesheetintro.htm

New structures must be designed to accommodate future right-of-way improvements. To ensure that driveways and pedestrian access points are designed to match these future street improvements, please use the Building Grade Calculator, which can be found at

http://www.seattle.gov/transportation/gradesheetintro.htm

Because full street improvements are not being required for this project, or the project qualifies for a reduced street improvement, a no-protest agreement is required. This form can be found at

http://www.seattle.gov/dpd/static/Covenant\_Consenting\_LID\_LatestReleased\_DPDS\_006060.pdf

### **Land Use**

Based on the project scope and/or location of environmentally critical areas on the development site, SEPA may be required. See CAM 208 for more details.

A shoreline substantial development permit is required, unless the project qualifies for a specific exemption from the Shoreline Master Program. See CAM 209 and 209A for more details. Application and decision on the exemption must be made before submission of an application.

Based on the proposed use and location within a residential, multi-family, or commercial zone, an administrative conditional use permit may be required. See CAMs 211A and 211B for more details.

# **Other Requirements**

Based on the preliminary scope of the project, DPD recommends a presubmittal conference prior to submitting an application. Details for preparing and submitting a presubmittal conference request form can be found at our Web site (http://www.seattle.gov/dpd/Publications/Forms/Building\_Permit/default.asp).

## **SDOT Requirements**

Contact: Joel Prather, (206) 615-0772, joel.prather@seattle.gov

The City of Seattle's Right-of-Way Improvements Manual (ROWIM) and SDOT's Street & Sidewalk Pavement Opening and Restoration (PORR) Director's Rule 2004-02 may be accessed from SDOT's Street Use website at: http://www.seattle.gov/transportation/stuse\_docs.htm. Whenever possible, specific reference notation for these two design documents is noted next to the design characteristics below. Be advised that these specific section and chapter references are provided as preliminary guidance only and are not comprehensive in scope.

# **SDOT Permitting Information**

Initial Review Deposit: \$2,500

SDOT Plan Requirements: Engineered plan

SDOT Permit Requirements: Group 3: Street Use Major (Type 45). A 90% complete street improvement plan (SIP) must be accepted by SDOT prior to your DPD construction intake appointment. Please visit SDOT's Street Use website at: <a href="http://www.seattle.gov/transportation/stuse\_sip.htm">http://www.seattle.gov/transportation/stuse\_sip.htm</a> to obtain SDOT Client Assistance Memos (CAMs) and application materials to assist in developing your street improvement plan (SIP).

## **SPU Requirements**

Contact: Susie Larson, <a href="mailto:susie.larson@seattle.gov">susie.larson@seattle.gov</a>

# **Flow Control Compliance**

All new, replaced, and disturbed topsoil shall be amended with organic matter per rules promulgated by the Director prior to completion of the project to improve onsite management of drainage water flow and water quality per SMC 22.805.020.E. Refer to CAM 501. For projects with 5,000 square feet or more of new and replaced impervious surface, a comprehensive drainage control plan shall be prepared by a licensed engineer.

# **Other Requirements**

Owners of residential property occupied by a tenant who will be displaced by housing demolition, substantial rehabilitation, change of use, or removal of use restrictions may need to obtain a Tenant Relocation License. Refer to DPD CAM 123, Seattle's Tenant Relocation Assistance Ordinance, for further information and instructions or call (206) 684-7979.

If your project involves additions or modification to or demolition of an existing building that contains four or more dwelling units or 4,000 square feet or more of non-residential area, and the building is a designated historic landmark or is 50 years old and meets the criteria set forth in SMC 25.12 for landmark designation, SEPA

is required. Please contact the Department of Neighborhoods at (206) 684-0228 or www.seattle.gov/neighborhoods/preservation to determine if your building is a designated landmark of if a referral is necessary to determine if the building meets the criteria in SMC 25.12. Refer to CAM 208 for information regarding the application requirements for a SEPA review and CAM 3000 for information regarding landmarks and historic preservation.

# **Applicant Next Steps**

- 1. Please review the requirements set forth in this report.
- 2. Use Client Assistance Memos (CAMs), checklists and standards, and 5 Steps for a Successful DPD Application Submittal (available on the DPD website) for additional information.
- 3. Call or e-mail the appropriate contact if you have any outstanding questions.
- 4. If a SIP is required, you must submit it to SDOT to screen for acceptance a minimum of five days prior to DPD construction intake. DPD will not accept your application until this has been done.
- 5. Use the Seattle City Light website to obtain a range of information and services including the Requirements for Electric Service Connection (RESC), electric service applications and guidelines (http://www.seattle.gov/light/newconstruction/).
- Contact an Electric Service Representative for your electrical service design and connection questions: North of Denny Way (206) 615-0600
  South of Denny Way (206) 386-4200
  Large Commercial & Industrial (206) 233-7177
  Service Applications (206) 233-APPS (2777)
- 7. If you have additional questions or need additional help, you may request a pre-submittal conference. For more information, call (206) 684-8850 or go to DPD's website for a copy of the pre-submittal conference application and instructions (http://www.seattle.gov/dpd/Publications/Forms/Building\_Permit/default.asp).
- 8. When all issues have been addressed, you may schedule an intake appointment with DPD. Please bring a copy of this report.

The requirements and determinations set forth in this document are based on the following:

Details provided by the applicant on the preliminary application form and site plan submitted to DPD. If project criteria are changed before your SDOT SIP is designed and/or before your DPD intake, the requirements in this report are subject to change.

Current municipal codes and ordinances, which may be subject to change. If there are code changes prior to your DPD intake, the project must meet the new code requirements.

The scope of your proposed project as described in the preliminary application form. Additional street improvement requirements may be triggered if a permit application for a development project on adjacent property is also undergoing review.
